Dr Mahesh Chandra Dhal (Chairman)

"My dream was to build a school in the heart of Angul city that goes beyond books... where children grow with strong values, unshakable confidence, and the courage to dream big. That dream became reality in 2016 with Adarsha International School. We nurture young minds from Nursery to higher classes with world-class facilities, dedicated teachers, and excellence in academics, sports, arts, and life skills. We are building an even brighter future – with smarter classrooms, advanced labs, and global opportunities – so your child leads the world of tomorrow. Your child deserves this today and the best of tomorrow."

Shri S.K Bhoi (Principal)

[Former Principal, DAV Kalinga Area, Angul]

"True education sparks curiosity in children and ignites a lifelong passion for knowledge. Adarsha International School, Angul, is dedicated to this vision. It has been a fulfilling one year since I joined AIS, Angul. In this short span, with the dedicated efforts of a young and committed team of teachers under my guidance, we have together created an epitome of success and realised many of the dreams envisioned by the Management. My long-standing experience in nation-building through education has greatly contributed to these achievements, and I am confident that we will continue to scale greater heights. I seek the kind cooperation and continued support of all stakeholders in this noble mission. With its robust infrastructure and our collective commitment, the school is well on its way to becoming the premier academic hub of the city."

Green & Serene Campus: ✓ Pollution Free Landscaping ✓ Horticulture Zone ✓ Outdoor Learning Zone

Vision of the Institute

Adarsha International School, Angul is committed to provide a curative & creative learning environment unlike the traditional teaching ways. It aims to adopt latest educational technology to enable the students to achieve their dreams and contribute to the empowerment of the nation.

Mission of the Institute

We are committed to blending academic excellence with holistic development, guided by dedicated educators and state-of-the-art infrastructure, to shape young minds into confident leaders and nation-builders of tomorrow.
